Course Description

A spectacularly beautiful course starts along the Long Walk in Windsor Great Park and travels past the Copper Horse and the Royal Lodge before emerging back at the top of the Long Walk. The finish is a wonderful 1.5k downhill looking straight towards Windsor Castle! The course is undulating but well worth it! You can find out more about the Event at: www.windsorwomens10k.com

- Although not recommended, personal stereos, IPods & mp3 players can be used at the Windsor Women's 10k. Windsor 10k follows UKA standards and strongly advise that
 you DO NOT wear in ear headphones or use audio devices during the race for your own safety, especially on road sections The Windsor Half is a 2-lap course and runners
 need to be able to hear our marshals who will ask the main field to move over as the faster runners and accompanying vehicles overtake them at speed on their second
 lap. We also occasionally need to get emergency vehicles along the course too. If you really can't run without headphones please use common sense and show a duty of
 care to others. However, we endorse the use of Aftershokz and similar bone conduction headphones as these provides a safe solution allowing participants to hear their
 surroundings as well as their music.
- Race marshals and medical team members have the authority to disqualify and remove any runner they consider to be acting dangerously, or to be unfit to compete
- Disqualified runners will be removed from the race results, banned from future Windsor 10k and reported to UK Athletics
 Team Rules We do not require competitors to wear official club or team vests except for UK Athletics Affiliated Clubs. Team results will be based on cumulative times
